## WHO ARE WORKINGMEN?

The formation of various political clubs and parties under the title of "workingmen," calls forth the question as to who is a workingman? The question is by no means one of mere hairsplitting and fancy, but is one which has puzzled the leaders of almost all these workingmen's parties. During the presidential campaign, there were, for instance, in Chicago, five regularly organized and entirely distinct parties, each claiming to be made up of workingmen, and each antagonistic to the other. One claimed that none but those who worked by brawn and brute strength, and who thus earned their daily bread by the sweat of their brows should be recognized as workingmen. Having drawn this line they found themselves in a dilemma, for nominations were necessary, and a ticket had to be formed. To nominate a man for County Judge, who knew nothing of law, no matter how honest or energetic he might be, would only subject the party to ridicule, and so in regard to other offices. To nominate a shoveller to the office of Clerk of the Supreme Court would be to make a farce of the whole matter. It therefore became necessary to nominate professional men for certain of the offices, and then the party presented the strange phenomenon of putting to the front men outside of their party, and leaving their own representatives in the rear.

To remedy this apparent contradiction between the platform and the ticket, another party endeavored to form, granting admission to everyone who was earning a livelihood by personal work, whether that work was of brawn or brain. This party sought to include as workingmen, not only those who handled the shovel, the plane, and the hammer, but also bookkeepers, clerks, salesmen, and even professional men. The moment that the bars were let down so as to admit the entrance of all who earned an income by the use of the brain, the distinction between the workingmen's party and other parties was, as far as any class distinctions were concerned, wholly obliterated, and the party had no individuality or issue to inspire it.

Such are a few of the difficulties of establishing or maintaining any workingmen's party. The lawyer who is faithful to his profession is as much a workingman as is the commonest laborer. The porter in the store who is promoted to salesman, becomes no less a workingman, if he is faithful to his employer's interests.

Again, in this country, as in no other, the classes of society are changing. He who to-day handles the spade, to-morrow may hire others to handle it, and become an employer, instead of an employee. The largest iron works in the country are now conducted by men who were a few years ago puddlers and moulders. For these and many other reasons, no workingmen's party can hope for more than a brief life, and even that brief life must be subject to such constant changes as to render it ineffective. That labor has many reasons for complaint none can deny, but it is more feasible and more expedient that the remedy should be sought and given, through parties having broader and more substantial platforms, and having more effective and permanent organizations.

The interest of labor should be cared for constantly and carefully, and all abuses should be promptly remedied, but from the experience of those disaffected workingmen's parties which have been formed in the past, only to die out altogether, or change in name and purpose, it seems that the surest and speediest way for labor to obtain and preserve its rights is by working with and through some party having more than one plank in its platform. As in the past so in the future, the one-plank platforms are too narrow, and tilt too easily.

The National Turners' Convention which is in session at Cleveland, Ohio, dropped the consideration of dumb-bells and turning poles long enough to frame a creed, in the closing paragraph of which they insist on the "abolition by the Government of all institutions and regulations regarding religion, especially the Sabbath laws; the abolition of the exemption of church property from taxation; employment of Chaplains in Congress and Legislatures, the army and navy, and all institutions kept up by taxation; also, the abolition of an oath on the Bible, or other religious ceremonies in courts of justice." In order to be consistent they should also endeavor to strike out all thanksgiving proclamations, the "in God we trust," on the coins, the abbreviation "A. D.," and purge from the declaration of independence, and all other famous public documents, all allusions to the existence or protection of divinity.

To-day is the one-hundredth anniversary of the death of Voltaire. It was proposed to have in Paris a grand parade, and out-door ceremonies, but a counter-demonstration was also contemplated, and lest there should be a disgraceful pow-wow between the opposing celebrationists, the government has refused to sanction any out-door ceremonies. The observance is therefore confined to a meeting held in the Gaiete Theatre, and presided over by Victor Hugo.

The Presbyterian General Assembly South has refused to change the words in the creed "descended into hell" to "went into the place of departed spirits," deeming such a change of phraseology unnecessary, for what's in a name?

## FROM MADISON.

Special dispatch to the Jamesville Gazette.  
MADISON, May 30.—The weather, which was heavy and damp all day yesterday, cleared off during the night, and the veterans had a beautiful day to decorate the graves of their fallen comrades. Both the graves of the federal and confederates were profusely strewn with flowers and many people were attracted to the soldiers' rest. All the offices in the Capitol were closed in honor of the patriotic dead.

The Seventh Day Adventists were seriously interfered with by the storm yesterday, but to-day, being bright and beautiful, their tents are going up rapidly and all indications are now that the fair weather prayed for has come, and that the camp will be a success. The State Baptist Association closed its work to-day, after a very profitable session.

There are rumors that an attempt will be made on the part of the Assembly, which meets next Tuesday, to make a fight on officers of last session and displace Speaker Barrows by some Democrat, and Chief Clerk Hunter by Judge Ryan of Appleton, former book-keeper of the Assembly. Diligent inquiry among the Democratic members in this section fail to show any organized opposition to the old officers, and they will all probably be re-elected. The old officers of the Senate will be re-elected.

## THE EAST.

## Prospects Continue Favorable for a Peaceful Settlement—The Dissensions in the English Cabinet.

LONDON, May 30.—The Herald correspondent in St. Petersburg telegraphs under date of yesterday as follows: "Prince Gortschakoff is in a delicate state of health and occasionally suffers much. Notwithstanding his sufferings however, he has himself carried into his studio to-day. He still takes a deep interest in public affairs, and watches the progress of the negotiations almost as closely as when in good health. The Emperor has evidently made up his mind that there is good ground for the hope of a peaceful solution as a result of the negotiations now pending. He has given orders to prepare a grand theatrical representation to take place on the proclamation of peace and in honor of that event."

LONDON, May 29.—There has been a new dissension in the cabinet on the closing point of the negotiations for the congress, a reunion being established by Sir Stafford Northcote threatening to resign.

Only at the last moment did Russia agree to submit the treaty as a whole, but not until a mutual understanding had been arrived at on certain details not to be disputed by either side. Neither the date of the congress nor the place are yet definitely fixed. Austria is less satisfied with the prospects of a congress than the friends of peace expected. Her present attitude gives great umbrage at St. Petersburg.

The war feeling is considerably abated. Among military men the state of suspense is wearing out the enthusiasm for service. The Russian conscript fleet and the Russo-Fenian privateers keep alive naval hopes of war, and this will be further promoted by a grand naval review.

Serious news still comes by private dispatches from the Cape of Good Hope. There are new risings among the Kafirs. Fresh troops are going out.

## THE LETTERS.

## How the Letters of Postmaster General Key and Mr. Stephens are Regarded.

WASHINGTON, May 29.—The letter of Postmaster General Key appearing simultaneously with that of Alexander H. Stephens creates a general sensation here, and is commented upon more generally than anything that has occurred since the Potter movement began. For several months, ever since the spirit of the Democrats in Congress was developed, and the error of the President's Southern policy was demonstrated by the broken pledges of the Democrats, Key has been preparing to cut himself loose from the Democratic party and declare a future course for himself to follow. He voluntarily subscribed \$200 to the Republican campaign fund, saying as he did so that he

believed the interests of the administration, of which he was a part, and the Republican party were identical, and he felt it a duty and a privilege to do his part, as the other members of the administration were doing theirs, toward supporting the Republican party. He has been pronounced in his expressions of opinion upon the fallacy and the danger of the Potter movement, and has used what influence he could effect among Democrats to oppose it. It is now accepted as a fact that he has cut the bridges behind him and must follow the President in making party alliance. The letter creates a decided impression among conservative Democrats from the South, and many of them would follow Key, but dare not declare themselves until they have seen the effect of Key's departure upon their constituents. The immediate result of the letter in Congress will be small, but Judge Key, and other members of the Cabinet with whom he has consulted, believe that before the fall elections occur the force of his declaration will make itself felt, and will result in the formation of an independent Democratic movement in the South that will oppose the Bourbon element in the Democratic party, and, without accepting the Republican name, will support the administration.

## WISCONSIN.

## The Colored Folks at Oshkosh in Trouble—Religious Meetings at Madison—Bowman-Gifford, at Oconomowoc—Suicide—Steam Road Wagon.

Oshkosh, Wis., May 29.—Our colored brethren have had a Methodist church running in this city for some time past, but last night, on assembling at the house of worship, they found the doors closed and locked, and they could not gain admission. It seems that some of the white trash have been in the habit of attending the church, and a portion of the members made a move toward excluding them and thereby make it African all through. To this action a large portion, including the minister objected. Then the question of finances came up, some claiming that the minister, Rev. Mr. Mudd, was getting too much salary. Both things combined brought on the closing of the doors, and it will require the strong hand of the law to open them.

MADISON, May 29.—The camp of Seventh Day Adventists near our city is meeting with adversity. To-day rain poured so that nothing could be done. The weather is cold, and at present the aspect is discouraging.

The Dane County Baptist Association was in session here to-day. An organization for the coming year has been effected, by the election of Rev. L. Smith, moderator, E. W. Gardner, clerk, and Rev. M. D. Miller, treasurer.

Oconomowoc, Wis., May 29.—The marriage of Gardner W. Bowman, of Boston, and Miss Annie E. Gifford, of Oconomowoc, took place this evening, at the residence of the bride's parents. It was a magnificent affair in every particular. One hundred invited guests from Chicago, Milwaukee, and Oconomowoc, witnessed the ceremony, performed by Rev. John W. Wilkinson, of Madison, Wisconsin. A magnificent supper was served. The music was furnished by the Milwaukee Quintet club. The happy couple leave to-night for Boston, where they intend to make their residence.

GALENA, Ill., May 29.—The body of Mrs. Charles Dunn, widow of the late Judge Dunn, of Elk Grove, Wis., was found in the Wisconsin River near her house yesterday. It is supposed to be a case of suicide.

MADISON, May 29.—The following persons will present steam road wagons at the capital on the 10th of June, according to the law passed in 1877, to compete for the prize of \$10,000 offered by the State: G. Hubbard, of Fond du Lac; Edwin Roberts, of Richland county; E. P. Cowles, of Brown county; J. E. Baister, of Madison; B. Garrison, of Wood county; M. Marshall, of Adams county.

Sherman M. Booth, late of Wisconsin, of free-soil notoriety, has written to the Secretary of State for information regarding the entrance of a road wagon propelled by electricity. Mr. Booth has such a thing, and he desires to enter it for competition.

## DISINTEGRATION.

## Signs of it in the Democratic Ranks—The Caucus is no Longer Omnipotent.

WASHINGTON, May 29.—The disintegration of the Democratic party has begun; the caucus is no longer omnipotent. The bolt on the political issues of the investigation resolution, which is led by Alexander H. Stephens, and Mills of Texas, was followed by a bolt from the Democratic caucus of last night on the adjournment question. Fernando Wood to-day was utterly routed at every step in attempting to enforce the caucus decision. The moment the contest began it became evident that fifteen Democrats would not yield to caucus dictation. They adhered to their determination until Wood, leader of the caucus, was defeated. Then a compromise was effected, and the House amended the Senate adjournment resolution by extending the time of final adjournment to June 17. It was generally conceded that final adjournment on June 10 was impossible, but the Republicans voted to concur in the Senate resolution in the hope that the Republicans in the Senate might ultimately be given the controlling voice in fixing the final date. The following Democrats voted in the negative: Aiken, Bell, Bland, Bouck, Buckner, Cutler, Fuller, Hardenbergh, Landers, Morgan, Morse, Pridemore, Rea, and Willis (New York). On Wood's first proposition to fix the adjournment at the 24th of June, Wood was opposed by fully one-half the Democrats on rising vote, and on the yeas and nays Cysner's amendment to fix the 17th was carried by 114 to 93.

## LEFT THE FAITH.

## A Cincinnati Jewess, the Daughter of a Rabbi Elopes with a Gentile.

CINCINNATI, May 29.—A most sad bereavement has befallen Rabbi Wise, of this city, one of the leading Jewish scholars of this city. His lovely daughter, aged 20 years, was last night clandestinely married to James Maloney, a most pronounced gentile. Mr. Maloney is the son of a man who was educated for a Catholic priest, but who afterward became a college professor. Of course the rabbi, the priest of one of the largest Jewish congregations

in the city, is stricken with sorrow at this defection of his daughter from the faith of her fathers. The maiden suddenly left home on yesterday, and with her lover, went to Rev. C. W. Wainwright, a Unitarian minister, who had no idea who the parties were, and so were married.

## WOMEN'S RIGHTS.

## Senator Sargent Tests the United States Senate on the Subject.

WASHINGTON, May 29.—Sargent tested the Senate on one branch of the women's rights question to-day, by calling up the bill to allow women to practice in the Supreme Court of the United States. There have been two adverse reports upon this measure at the present session from the Committee on Judiciary. Sargent moved the substitute allowing women to practice in the Supreme Court of the United States, and upon this, the yeas and nays being taken, the Senate, to the surprise of all, was found to be evenly divided, the motion being lost by a tie vote 26 yeas to 26 nays.

## POLITICAL.

## The Iowa Democrats Resolve in Favor of Potter's Revolutionary Scheme.

CECIL RAPIDS, IOWA, May 30.—The Democratic State Convention met here to-day, and made its nominations. They passed resolutions in favor of Potter's investigation and Sam Tilden's Southern claims letter.

## POTTER'S REVOLUTION.

## Hon. Alexander H. Stephens' Letter in Reply to Clarkson N. Potter.—The Georgia Statesman Scouring the New York Member Fearfully.

WASHINGTON, May 29.—Alexander H. Stephens, of Georgia, has replied to the allusions to him contained in the letter of Mr. Clarkson N. Potter, in a communication to the Washington Post, which is given below:

NATIONAL HOTEL, May 28, 1878.  
"I notice in the issue of your paper this morning a letter from Hon. Clarkson N. Potter, of the House, in response to the inquiries of one of his correspondents in relation to the passage of his resolution in regard to the appointment of a committee to investigate the frauds in the late Presidential election, etc., which not only justifies but requires some public notice by me. So far as the letter relates to me and my acts in connection therewith, this notice will be as brief as possible, and with all respect to Mr. Potter, since for him personally I entertain sentiments of high esteem. That portion of his letter to which I wish chiefly to reply is contained in the following words, expressed by him to his correspondent: 'You ask me why Mr. Stephens was howled down. The howling was by the newspapers to interrupt the pending order of business by a motion or a statement that requires a unanimous consent, and every member has an absolute right to object to this interruption. This objection is expressed by the words, "I object," or "I dissent." It was reported that he had given the Republicans a list of twenty-two names who would follow him in any motion of his to prevent an investigation. About this he was grossly mistaken, and has made our side especially unwilling to hear him. He had suggested that we should receive and adopt his amendment. # CATARRH

IS IT CURABLE?

Those who have suffered from the various and complicated forms of disease known as Catarrh, have tried many remedies and have failed to get relief. The only reliable remedy for Catarrh is the one that cures it. It is a powerful purgative and cleanses the system. It is a powerful purgative and cleanses the system. It is a powerful purgative and cleanses the system.

## IT CAN BE CURED.

It can be cured. There is no doubt about it. The immediate relief afforded by SANBORN'S CATARRH CURE has been a source of great satisfaction to many who have suffered from this disease.

## A COMPLICATED CASE.

Gentlemen, My case is briefly as follows: I have had Catarrh for ten years, each year with increasing activity. For years I had not breathed through my nostrils. I had droppings in the throat, and every day I had to swallow a spoonful of mucus. My head was at times so full of pain in the temples that I could not see. Every one of my eyes was so inflamed that I could not see. I had a constant running nose. I had a constant running nose. I had a constant running nose.

## Indorsed by a Prominent Doctor.

I hereby certify that Dr. Lawrence purchased the Catarrh Cure of me, and from time to time made me a large quantity of the same, and that he has used it with the most successful results.

## ALIVE WITH COMMUNISTS.

Bishop O'Hara, of the Catholic Church, raises his voice against the Knights of Labor Association. Military Preparations of the People Mischief Intended.

Correspondence of the Cincinnati Gazette.

SCRANTON, Pa., May 28.—The cities and villages in the middle and northern coal fields of the Schuylkill, Lehigh, Wyoming and Lackawanna valleys are becoming literally alive with Communists.

The recently organized Knights of Labor Association which has now attained a membership of 70,000 in the coal and iron regions of Pennsylvania, has openly announced its recognition of, and affiliation with the Socialists' Association, which has begun to make its influence and power perceptibly felt in various ways in the sections of the State where the labor element is particularly great and strong.

In this part of the Lackawanna Valley the Communist element has shown a disposition to overthrow and control the government, the chief municipal officers being members of the Socialists' Association.

In fact the object of the Communists has been so strongly apparent that a Roman Catholic church, which yields a greater influence in this part of the State than the regular constituted authorities, has raised its voice against the Knights of Labor and kindred associations.

Bishop O'Hara, the representative of the church here, who was such a strong opponent of Molly Maguire during its prevalence, has not only hurled the anathemas of the church at the Knights of Labor Association, but has announced his intention of making an investigation—if that is possible—of the inside workings of the order.

Bishop O'Hara and the Roman Catholic priests of the coal regions, by their determined opposition to the schemes of the Communist agitators and conspirators, have aroused the bitterest and most brutal feelings of what may be termed the "dangerous classes" of this always lawless region, where crime is perpetuated that would almost outstrip in ferocity the atrocities committed by the Indian or Spanish brigades, and they have been threatened with diabolical treatment if they continue to pursue the line of action they have mapped out for the investigation and extermination of the Knights of Labor and Socialists' Association.

The Communists are holding daily and nightly meetings in remote and secluded parts of the coal country, where the most terrible plots and counterplots for the punishment of the priests are discussed and perfected. So far, however, nothing serious has come out of the campaign, but so frequent and fierce have been the threats of violence, that a well-founded feeling of apprehension has begun to make itself very manifest in the communities where the police are inadequate to meet any sudden or organized Communist uprising.

The coal and railroad companies are reorganizing and strengthening their police and detective corps, as there are evidences of the early approach of riotous demonstrations in the towns where hundreds of discharged train hands and miners have assembled, and sworn allegiance to the banner of the Knights of Labor.

In the Schuylkill region, where the Communists have organized a large, well-equipped and armed rifle corps, the Philadelphia & Reading Coal & Iron Company has added 240 men to the already large Coal and Iron Police Department. Colonel Wynne has been put in command of this little army of experienced and determined men, who are armed with Spencer repeating rifles and Colt's revolvers.

Until the inauguration of an aggressive movement upon the part of the Communists, this corps of police will be employed in guarding the bridges along the line of the Philadelphia & Reading Railroad, which the Knights of Labor have threatened, in Ku Klux notices, to destroy.

The striking miners of the Northumberland region, who represent a very wicked class of Socialists, have been guilty of numerous flagrant and sanguinary outrages, and, estimating from the number of hideously-pictured "coffin notices" which have been recently sent to different persons who have in some manner incurred the hatred of the Molly Maguire element—which has begun to raise its hydra head again—it is believed that preparations are being made in the "dark" and bloody ground district for a revolution some time this month.

The action of the coal operators of the Middle Coal Fields in ordering a suspension of work at the collieries has occasioned intense dissatisfaction among all classes of mine operatives, and the miners and laborers' Benevolent Association and the Miners' National Association will probably order a general strike in those districts where they have jurisdiction, unless the companies offer some compromise arrangement as to work and wages. As there is no possibility of the coal kings altering their programme as now arranged, the only alternative for the miners and laborers would appear to be a "standout." The chances are, that if the men strike, they will be locked out of the mines for an indefinite period.

The Socialists' Association is taking advantage of the unsettled times to stir up dissension and rebellious disturbances, and it is generally admitted that the culmination of the present troubles must be tragical in the extreme.

From what can be drawn from the officers of the Knights of Labor Association in cautious conversations upon the subject of Communism, it is quite evident that the Knights are planning for some movement at no distant date. From information gathered from a person in high authority in the organization, it is safe to say that there will be an organized movement engineered by the Knights some time within the next month, and perhaps earlier. The movement will be thoroughly planned, so that there may be no possible retreat at any point, and the signal for the labor revolt will be sounded simultaneously in these sections of the country where the Knights of Labor have existence.

The association will plan and prompt the scheme, but the other labor unions are expected to co-operate in under-taking to carry it to a successful termination. The uprising will be started in the Eastern States, and upon its inauguration it will immediately spread through Pennsylvania, Maryland, Virginia, Ohio, Indiana, Illinois, Missouri and other Western States.

Ouster's Field Glass.

About eighteen months ago, while Senator Christy, of Michigan, was in the South investigating the election frauds, he paid a visit to General Wade Hampton, and the conversation drifted into war reminiscences. Among other military personages, General Hampton spoke of General Custer, and expressed his appreciation of the dead hero in the highest terms.

Senator Christy replied that he was well acquainted with all of General Custer's family, having known him from childhood. Then General Hampton remarked that during the war, some of the soldiers of his command at the Battle of Brandywine had captured a field glass belonging to General Custer and given it to him, and to General Hampton.

He used it during the last two years of the conflict. Senator Christy was asked if he thought Mrs. Custer would like to have the glass. The Senator said "Yes," and at once wrote to Mrs. Custer about the matter. She sent a letter to General Hampton, saying she would gladly appreciate the relic because it had been the property of two brave men, and she added that her husband had been an admirer of General Hampton. The latter sent word that as

soon as he could get the glass brought down from his mountain home he would forward it, and the historic glass is now on its way to Monroe, Michigan, the home of Mrs. Custer, where she has a large collection of war souvenirs arranged in a cabinet.

## VEGETINE

For Dropsy.

CENTRAL FALLS, R. I., Oct. 18, 1877.

Dr. H. R. STEVENS—It is a pleasure to give my testimony for your valuable medicine. I was sick for a long time with dropsy, under the doctor's care. He said it was Water between the Heart and Liver. I received no benefit until I commenced taking the Vegetine; in fact, I was growing worse. I have tried many remedies; they did not help me. Vegetine is the medicine for Dropsy. I began to feel better after taking a few bottles. I have taken thirty bottles in all. I am perfectly well, never feel better. No one can feel more thankful than I do. I am, dear sir, gratefully yours.

A. D. WHEELER.

VEGETINE—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the putrid humor, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

## VEGETINE

For Kidney Complaint and Nervous Debility.

ISLINGTON, Mr. Dec. 28, 1877.

Dear Sir—I had a cough, for eighteen years, when I commenced taking the Vegetine. I was very low; my system was debilitated by dropsy. I had the dropsy complaint, and was very nervous—cough had, lungs sore. When I had taken thirty bottles of Vegetine, it was helping me; it helped my cough, and it strengthened me. I am now able to do my work. Never have found anything else so beneficial. I know it is every thing it is recommended to be.

Mrs. A. J. PENDLETON.

VEGETINE is nourishing and strengthening; purifies the blood; regulates the bowels; quiets the nervous system; acts directly upon the secretory; and arouses the whole system to action.

## VEGETINE

For Sick Headache.

EVANSVILLE, IND., Jan. 1, 1878.

Dr. H. R. STEVENS—I have used your Vegetine for Sick Headache, and been greatly benefited thereby. I have every reason to believe it to be a good medicine. Yours very respectfully,

Mrs. JAMES CONNER.

HEADACHE—There are various causes for headache, as derangement of the circulating system, of the digestive organs, of the nervous system, &c. Vegetine can be said to be a sure remedy for the many kinds of headache, as it acts directly upon the various causes of this complaint. Nervousness, indigestion, constipation, Rheumatism, Neuritis, Biliousness, &c. Try the Vegetine. You will never regret it.

## VEGETINE

Doctor's Report.

Dr. CHAS. M. DUDENHAUSEN, Apothecary.

The doctor writes: I have a large number of good customers who take Vegetine. They all speak well of it. I know it is a good medicine for the complaint for which it is recommended.

Dec. 27, 1877.

VEGETINE is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep.

## VEGETINE

Doctor's Report.

H. R. STEVENS, Boston, Mass.

Dear Sir—We have been selling your valuable Vegetine for three years, and we find that it gives perfect relief to the most distressing cases of the complaint for which it is recommended.

Dr. J. E. BROWN & Co., Druggists.

VEGETINE has never failed to effect a cure, giving tone and strength to the system debilitated by disease.

## VEGETINE

Prepared by

H. R. STEVENS, Boston, Mass.

Vegetine is sold by All Druggists.

THROAT,

LUNGS,

HEART,

STOMACH,

LIVER.

Head, nerve, kidneys, bladder, womb, and blood affections of the urinary organs, gravel, sciatica, rheumatism, catarrh, asthma, bronchitis, dyspepsia, &c.

Dr. Price's reputation has been acquired by candid, honest dealing and years of successful practice.

My practice is not one of experiment, but founded on the laws of Nature, with years of experience and evidence to sustain it, does not tend down, make sick, or require any harsh treatment, no trifling, no flattery. We know the cause and the remedy needed; no guess work, but knowledge gained by years of experience in the treatment of Chronic diseases exclusively; no encouragement without a prospect. Candid in our opinions, reasonable in our charges, claim not to know everything, or cure everybody, but do lay claim to reason and common sense. We invite the sick, no matter their ailments, to call and investigate before they abandon hope, make interrogations and decide for themselves; it will cost nothing as consultation is free. Visits made regularly.
